Outdoor version

Technical requirements (Outdoor)

Please have a back-up plan in case of rain or excessive heat.

Audience should ideally be in the shade.

Stage space:

- Location:

It is preferable to have a location that allows some intimacy with the audience, to allow them to keep their attention on the small details.

Audience layout: Frontal or semi-circular, with benches or tiered seating if possible.

- Capacity: Up to 250 people, depending on the audience layout.

It is important that the back rows can see the floor and that the top of the table (which is which is 1 metre high) is visible.

- Stage area :
 - 6m x 6m ideally, 5m x 5m minimum.
 - Stage not or not very high.
 - Flat, even floor, if possible with dance floor.

- Electrical socket + extension that lead to the stage

- (if at night) Lights around the stage area + red filter

Sound

- Sound system with RCA or Jack/AUX socket (the company's can also be used if necessary).
- Sockets, extension cables for speakers and a computer.

- Accessories :

- A stable chair without armrests and without wheels.

- A table of the following dimensions :
 - 180cm long, 76cm wide, 75cm high,
